Comments/Notes:

Return Materials Authorization (RMA) Policy

Please note that American Scientific can only accept returns that are accompanied by our Return Materials Authorization (RMA) Form. You may request a RMA form by fax (614-764-9043) or email (office@american-scientific.com). Your completed RMA form will be assigned an authorization number that will not be valid after 30 days. Please note that all requests must include your purchase order number, our invoice number, our item number, quantity you wish to return, and the reason for the return.

Returns are not allowed on goods supplied on 'special order basis' nor on merchandise past 90 days of invoicing. Goods must be returned in the original packaging with shipping prepaid. All goods ordered in error are subject to a 10% restocking charge. Replacements can be sent upon request and credits will be issued only after the returned goods have been received and processed.

American Scientific LLC works diligently to ensure that all of our products are carefully inspected for quality assurance prior to shipping. Our liability ceases after the goods leaves our warehouse. It is important that shipments be inspected and any damages be reported on the consignee copy of the freight bill at the time of delivery or your claim may be disallowed. Any concealed damage must be reported within 5 business days. Please retain the merchandise in the original packaging pending its inspection by the Carrier.
